SU – Phone Interview Questions:

- 30 min, with 4 of 5 committee members on the phone

- Questions
  - Why do you want to teach at SU?
  - What’s your current progress on your dissertation?
  - How does your scholarship inform your teaching?
  - Here at SU, we offer both undergraduate and master degrees. How would your approach to teaching an undergraduate vs. graduate course differ?
  - The job ad says applicant should be able to teach Intro GIS – tell us about your experience using GIS.
  - The job ad says applicant should be able to teach World Geography – tell us about your experience in world geography and how you have/would approach a course on this topic.
  - The job ad says applicant should have experience in economy, what’s your training in economics?
  - What’s your experience in public policy analysis?
  - We would likely have the need for upper division courses to be taught in our Latin American Studies program. What are some upper division elective courses you could teach?
  - The job ad says applicant should be able to teach a graduate course to students in the public administration degree program on policy analysis and quantitative methods. What is your experience in these areas [my note: job ad did not say quantitative methods]
  - Looking forward, what do you see yourself doing in 5 years?
